## Caerhun and Trefriw New Area School

### Headteacher for Caerhun and Trefriw new area School appointed

Education Services are pleased to be able to announce that Karen Owen, currently Headteacher at Ysgol Tal y Bont, has been appointed as the new Headteacher for the Caerhun and Trefriw new area school. The new 120 pupil area school will be constructed by K&C Construction on the existing Ysgol Dolgarrog site.

Consequently, current Ysgol Dolgarrog pupils will re-locate to a nearby temporary site during the Autumn 2017 term. The Local Authority are currently waiting for a further assessment of the temporary site by an ecologist, following the discovery of bird eggs a couple of weeks ago which has delayed the process of constructing the temporary site and consequently the relocation of Ysgol Dolgarrog.

Over the Summer, work on the new bat house is expected to begin after discovering they were present in the roof space in the current Ysgol Dolgarrog school. To assist with their migration a hedgerow will also be formed leading to the bat house.

The Temporary Governing Body have been meeting frequently throughout the last term, and as part of their ongoing work in the autumn, will be looking for a new School name and uniform design.
