

The plans shown below this text show the areas within Conwy that qualify for Active Travel route development. These areas are listed as follows:

Abergele

Colwyn Bay

Conwy

Glan Conwy

Kinmel Bay

Llandudno

Llandudno Junction

Llanfairfechan

Llanrwst

Llysfaen

Old Colwyn

Penmaenmawr

Penrhyn Bay

Within each plan you will notice areas that are shown highlighted pink, these represent schools, parks and playgrounds, health centres, shopping areas, business zones, public transport hubs (prominent bus stops or railway stations) within the local community.

It is almost impossible for our designers to have a comprehensive knowledge of every community and every facility within each community and therefore which routes would be the most pleasant/practical/desired to develop.

To prevent any missed opportunities we would welcome the public's help in deciding / reviewing what is to be proposed.

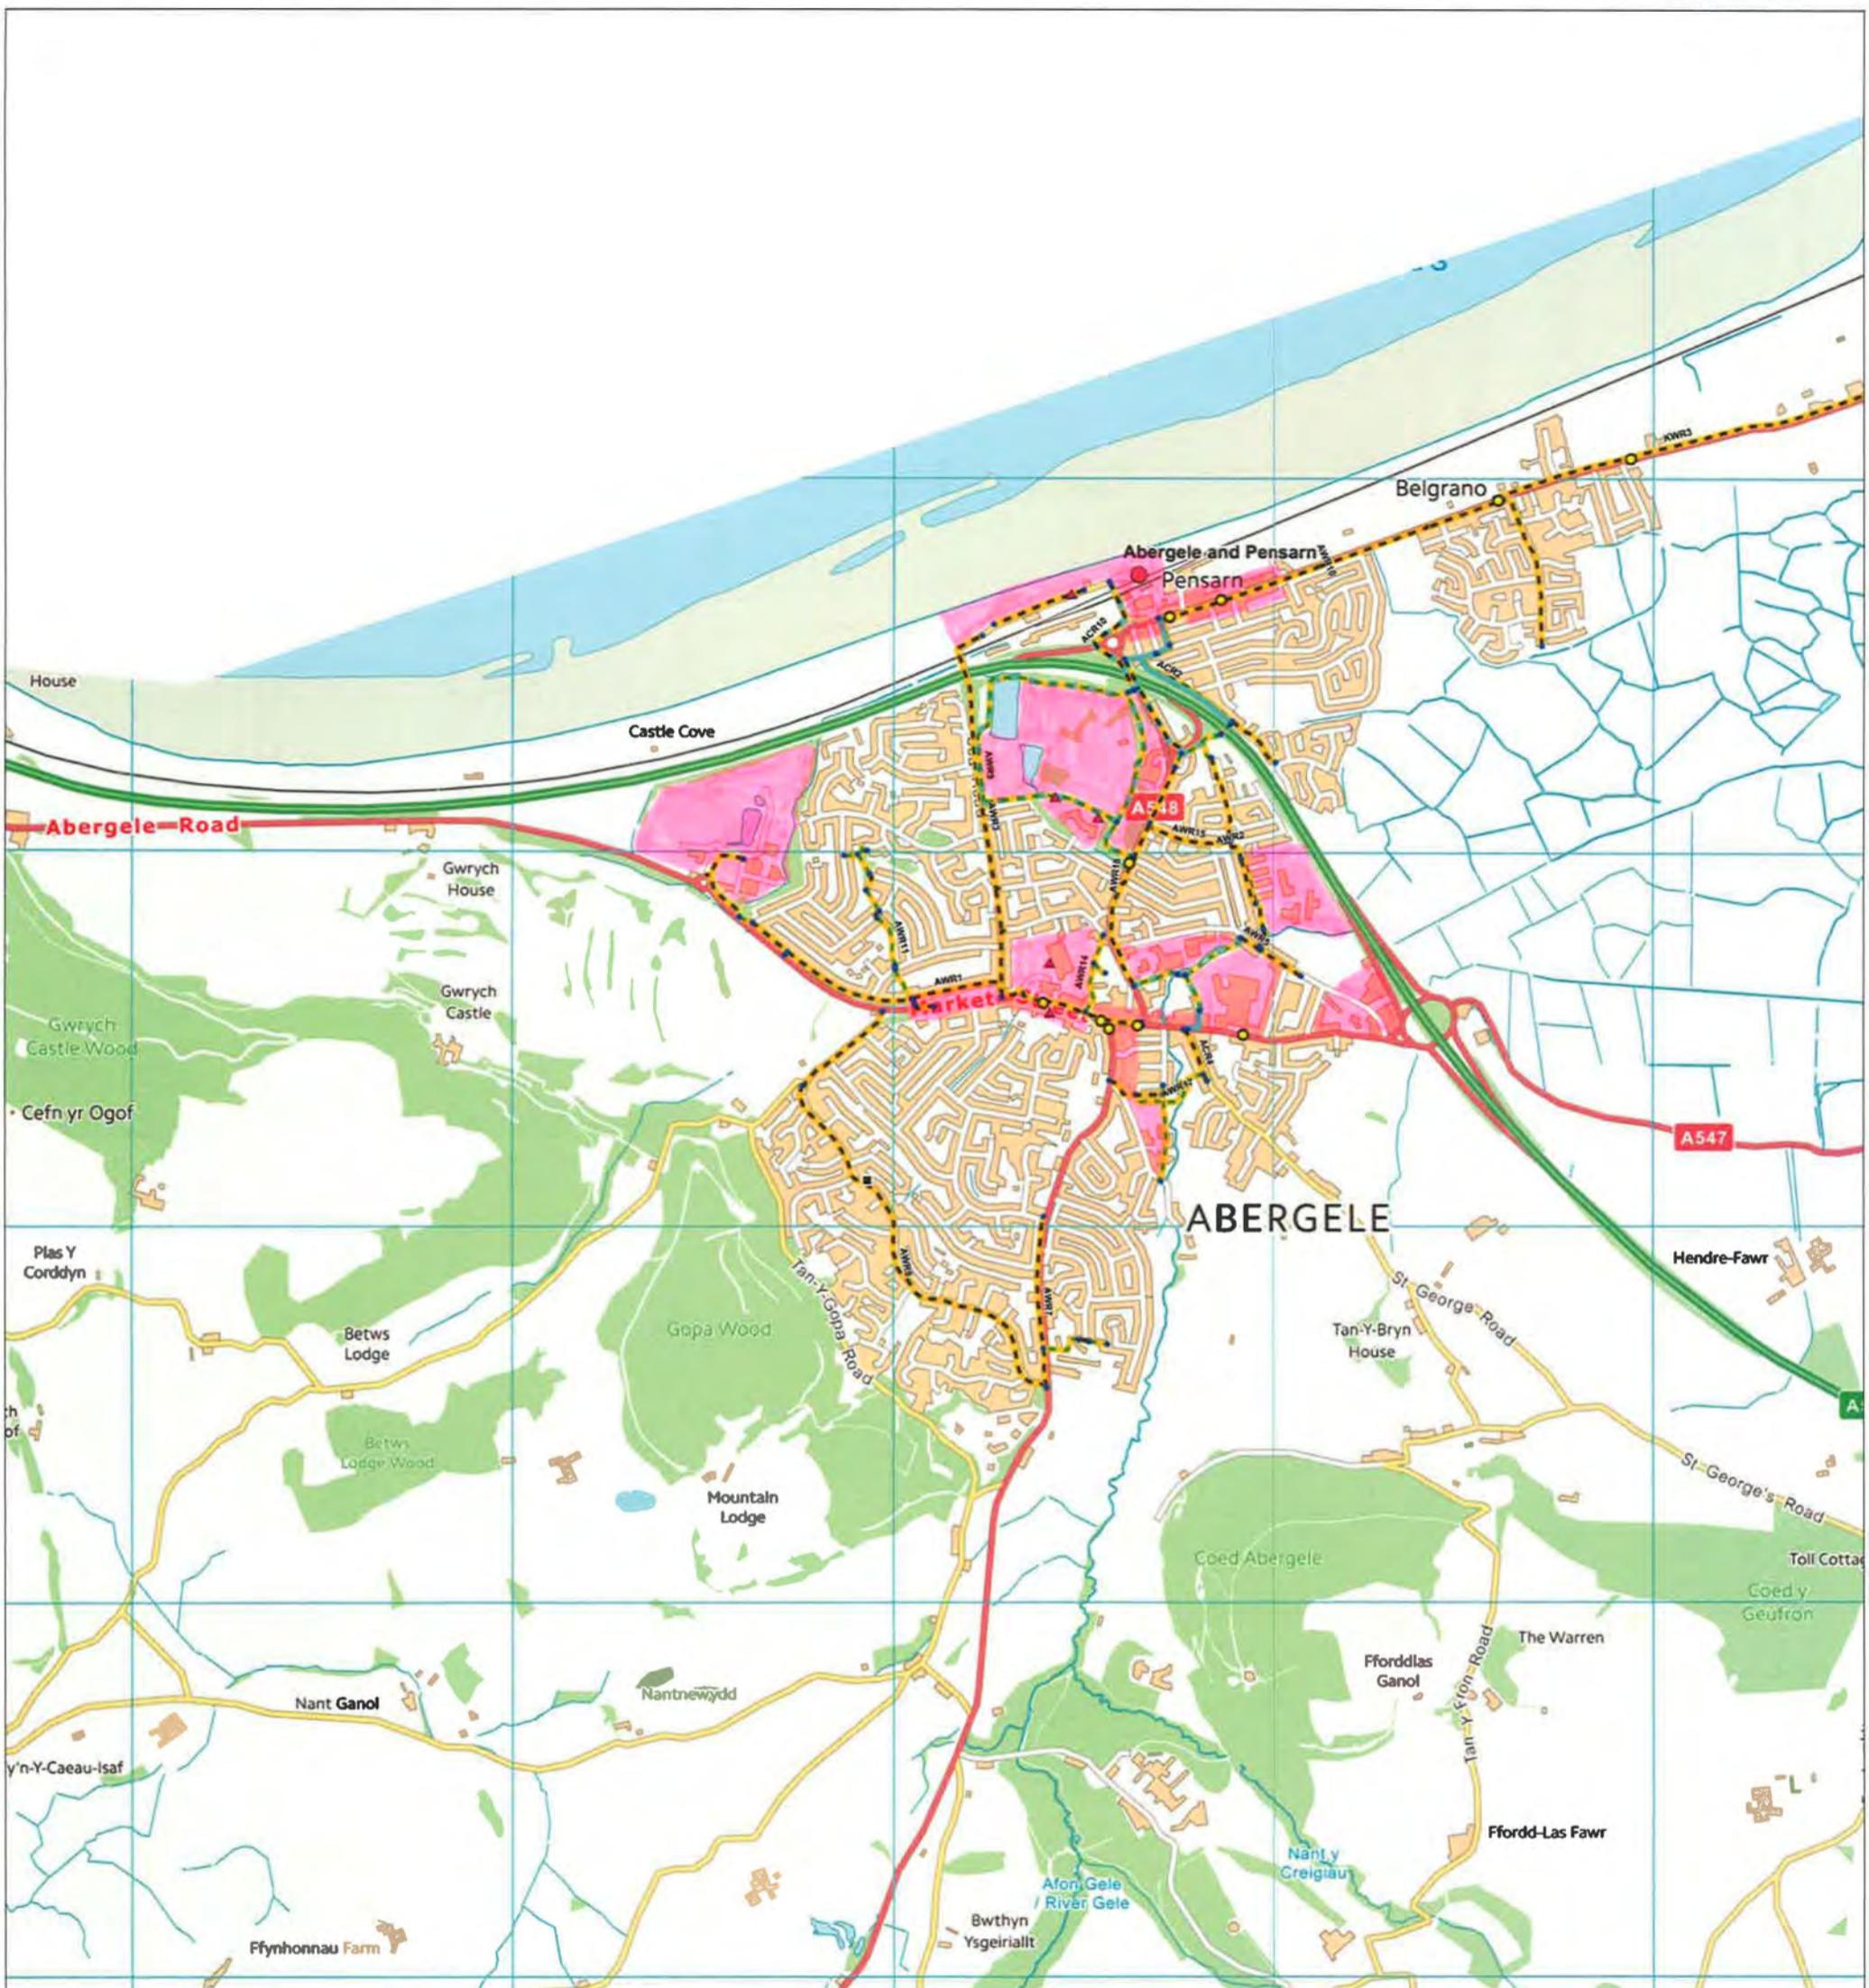

Who better to explain to designers that a certain field floods every November, or should we consider widening a footway, that one side of the road is usually in sunlight whilst the other side suffers from slippery moss or ice in the winter?

The Active Travel design documents are available through the Councils web page for review. Conwy's trained staff will also be available to advise on the practicalities of any suggestion or on any regulations/criteria that must be considered for a route to meet Welsh Government standards.
