

Permitted development advice request form for Householder developments

For office use:	
ENQ/	

Please note that this form is for development within the curtilage of an existing dwellinghouse, flat or maisonette. For commercial or industrial development, or for new dwellings, please use the form for Nonhouseholder Development.

This form should be used **if you purely want to know if you need planning permission for your development**, if you want advice on the merits of your development you should use the statutory enquiry service. An assessment will be made based on the information you supply. No formal or scaled drawings are required at this stage and we are unlikely to carry out a site visit to your property. Therefore, the advice given is an informal opinion. If you wish legal certification that a proposed (or existing) development does not require planning permission then you should make an application for a Certificate of Lawfulness.

Please fill in the forms in full and with as much detail as possible, if you do not provide all the necessary information, we may return your form to you.

Enquiries received are considered to be documents available to view by the public subject to data protection legislation. If you consider any part of your enquiry to be confidential, please explain why, and for what period it needs to remain confidential (see Question 8 – Confidentiality).

If you need further information then the legislation can be viewed on the following website:

http://www.legislation.gov.uk/wsi/2013/1776/contents/made

Further technical guidance on householder development can also be obtained from the following websites:

http://wales.gov.uk/topics/planning/policy/guidanceandleaflets/householder-permitted-development-rights/?lang=en

When will I receive a response?

Once your enquiry has been registered you will receive an acknowledgement letter specifying the enquiry reference number and the contact details of the Case Officer dealing with your enquiry. We aim to respond to your enquiries within 28 days. However, during periods of high volumes of workload, it may take longer to reply.

Information to be submitted with your enquiry:

In addition to the completed form, you must provide a location plan or map showing the location of the property where the proposed development will take place. The site area should be outlined in red so the extent of the site can be identified. This site plan should show the position of the dwellinghouse in relation to any highways and nearby/neighbouring properties. You should identify on this plan where, within the curtilage of the property, the development will occur.

Please also provide an Aerial sketch of the site showing the location and dimensions of the original dwellinghouse, the location of any previous extensions/alterations the property has had and highlight the location of the proposed development in some way, either by hatching or colouring the area in. You should also define the extent of your domestic curtilage (This is generally the parcel of land associated with the dwellinghouse for the enjoyment of the residents of the dwellinghouse and excludes any other land which may be within your ownership (e.g. a paddock or field))

Photographs will be required of each elevation of the dwellinghouse. Please label these photographs so that it is clear where the photographs have been taken from and which elevation the picture is showing.

If you do not provide all the necessary information, we may return your enquiry to you.

Tick all box	es that apply and go to the relevant sections of the form as Indicated
	Extensions or enlargements to the existing property (including external wall insulation) – Go to Section 1
	Alterations or enlargements or additions to the roof of the dwelling – <i>Go to Section 2</i>
	Erection of an outbuilding or alteration of an existing outbuilding, for example, a detached garage, greenhouse or shed – <i>Go To Section 3</i>
	The formation or replacement of a hard surface – Go to Section 4
	The installation, alteration or replacement of a microwave antenna – <i>Go to Section 5</i>
	Boundary enclosure, for example, fence, wall or gate – Go to Section 6
	Installation of domestic microgeneration equipment – <i>Go to Section 7</i>

1. Your details:	
Name:	
Address:	
Postcode: Tel No:	
Email:	
2 Address of managed if different from above.	
2. Address of proposal if different from above:	
3. What type of property is it?	
Detached or Flat or apartment: semi detached:	
Terraced: Other (please specify):	
4. Is the property a Listed Building?	(delete as appropriate) Yes / No
5. Is the property within a Conservation Area?	Yes / No
6. Will any hedges or trees be affected by the proposed development?	Yes / No
If Yes please identify on the site plan where these hedges or trees are positioned will be affected.	and describe how they

7. What is proposed? Fully describe the proposal.
Description:
8. CONFIDENTIALITY
Under the Freedom of Information Act 2000, pre-application material may only be withheld from the public if its disclosure could prejudice commercial interests, inhibit the free and frank provision of advice or exchange of views during the planning process, or could prejudice the effective conduct of public affairs. Generally, once a planning application has been submitted and is in the public domain, information submitted and advice given can no longer be treated as confidential. The Council retains absolute discretion on the disclosure of any information it holds. If you wish the Council to treat pre-application material as confidential, then you will need to set out in the space below the reasons why and for how long, any information relating to the advice needs to remain confidential.
Do you wish the Council to treat pre-application information relating to the advice as confidential?
Yes / No (Please delete as appropriate)
Reasons why any information relating to the advice needs to be treated as confidential:
Period of time any information relating to the advice needs to remain confidential:

Signature: Date: Please return the relevant forms, plans and supporting information to: Conwy County Borough Council, Regulatory & Housing Services, Development Management, Civic Offices, Colwyn Bay, LL29 8AR. Tel No.: (01492) 575247 or Email to regulatory.services@conwy.gov.uk SECTION 1: Extensions or enlargements to the existing property (including external wall **insulation).** Please refer to information to be submitted with the enquiry (page 2). 1.1 If the property has been extended before, please fill in the following table. Please give the following measurements in metres. Width Please provide any planning Length Total height Height to eaves Year it was permission reference(s) that (see guidance) completed relate to the extension 1.2 If you intend to install a window in the upper storeys of the original dwellinghouse or proposed development, please indicate on the sketch you have provided or on photographs, the position of this window relative to the nearest boundary. Please specify if any such window is to be obscure glazed and / or non-opening. If it is to be an opening window, please specify the height of the openable part of the window above internal floor / stair level.

Declaration

measur	ements in n	netres.					
	Length	Width	Total height	Height to eaves	What is the shortest distance from the proposed extension to the nearest boundary	Details of the appearance of materials used in the walls, roof or other elements of any exterior work	Describe the proposed use of the extension

		L	ength	Width		Will the hard surface be alternatively will it drain surface within the boundary	onto a porou	s / permea	
Develo	opment 1								
Develo	opment 2								
5.1 5.2		indicate :		enna already	v attacl	(page 2). ned to the dwellinghouse a the antenna proposed:	and within the	e curtilage:	
			Length		Width	1	Depth		
Anteni	na 1								
Anteni	na 2								
5.3	Will the	antenna	be attached to th	e chimney of	the pr	operty?		Yes	s / No
5.4	Will the antenna protrude higher than the chimney stack of the property? Yes I							s / No	
5.5	If the property does not have a chimney, will the antenna project higher than the highest part of the roof? Yes /								
5.6	Does th	ne overall	height of the dwe	ellinghouse e	xceed	15 metres?		Yes	s / No

<u>SECTI</u>	<u>ON 6:</u>	The erection, alteration, replacement or maintenance of a means of enclosure (e.g. fence, gate wall). Please refer to information to be submitted with the enquiry (page 2).								
6.1	Will th	e means of enclosure be positioned adjacent to a highway? Yes / No								
6.2	Please	e mark the proposed line of the means of enclosure on a plan.								
	Please indicate the height of the means of enclosure (if the height varies, you should indicate the h point of the means of enclosure to the lowest point when measured at a single location). Please give following measurements in metres.									
6.3	If the	proposal involves altering, replacing or maintaining an existing means of enclosure, please specify in								
	metres	s the height of the existing structure.								
SECTI		Installation of domestic microgeneration equipment								
7 (A)	Solar	photovoltaic (PV) or solar thermal equipment:								
7.1	Will th	e equipment be installed on a:								
	Wall:	Yes / No Pitched roof: Yes / No Flat roof: Yes / No or Stand alone:? Yes / No								
7.2	If the o	equipment will be installed on a wall or pitched roof, please answer both (a), (b) and (c) (if applicable)								
	(a)	How far would the equipment protrude when measured at right angles from the wall or roof space?								
	(b)	Would the equipment protrude above the highest part of the roof (excluding the chimney)? Yes / No								
		If the wall on which the equipment is to be installed is in a Conservation Area, does it front onto a highway? Yes / No								
7.3	If the	equipment will be installed on a flat roof, please answer both (a) and (b) below:								
	(a)	How far will the equipment be sited from the external edge of the roof?								
	(b)	How high will the equipment protrude above the plan of the roof?								

	If the equipment is to be "stand alone", please answer questions (a) to (c) below:										
	(a)	The total number of existing and proposed solar equipment:									
	(b)	The closes	st distance betweer	n the equipment and the highway	·:						
	(c)	Please indicate on the table below the dimensions of the equipment proposed (including Please give the following measurements in metres.									
			Length	Width	Height (above ground lev	/el)					
Equip	ment 1										
Equip	ment 2	2
