

Pre-application statutory enquiry / advice form for Householder developments

For office use:	
ENQ/	

Please note that this form is **for those seeking advice on the merits of a proposed development within the curtilage of an existing dwellinghouse, flat or maisonette**. For commercial or industrial development, or for new dwellings, please use the form for Non-householder Development.

A valid pre-application enquiry must contain a completed application form, location plan drawn to a recognised scale with the direction North identifying the land to which the application relates and a statutory application fee. Without payment of the appropriate fee the Local Planning Authority will not process your enquiry.

No formal or scaled drawings are required at this stage other than a location plan and we only carry out site visits in exceptional circumstances. The advice provided is an initial assessment of the proposed development, based on the information submitted with the pre-application enquiry.

The Town and Country Planning (Pre-Application Services) (Wales) Regulations 2016 legislation can be viewed on the following website:

http://www.senedd.assembly.wales/mglssueHistoryHome.aspx?IId=14501

Enquiries received are considered to be documents available to view by the public subject to data protection legislation. If you consider any part of your enquiry to be confidential, please explain why, and for what period it needs to remain confidential (see Question 8 - Confidentiality).

Guidance relating to householder permitted development rights can be viewed on:

http://www.legislation.gov.uk/wsi/2013/1776/contents/made

Further technical guidance on householder development can also be obtained from the following websites:

http://wales.gov.uk/topics/planning/policy/guidanceandleaflets/householder-permitted-development-rights/?lang=en

When will I receive a response?

Once your enquiry has been registered you will receive an acknowledgement letter specifying the enquiry reference number and the contact details of the Case Officer dealing with your enquiry. The regulations require Local Planning Authorities to provide a written response to all valid pre-application enquiries within 21 days of receipt, unless an extension of time is agreed between the Local Planning Authority and applicant. As a minimum, you should expect to receive the following information as part of the written response: the relevant planning history of the site; the relevant development plan policies against which the development proposal will be assessed; relevant supplementary planning guidance (i.e. design, conservation etc.); any other material planning considerations and an initial assessment of the proposed development, based on the above / information submitted.

Information to be submitted with your enquiry:

In addition to the completed form, the location plan should show the property where the proposed development will take place. The site area should be outlined in red so the extent of the site can be identified. This site plan should show the position of the dwellinghouse in relation to any highways and nearby/neighbouring properties. You should identify on this plan where, within the curtilage of the property, the development will occur.

Please also provide an Aerial sketch of the site showing the location and dimensions of the original dwellinghouse, the location of any previous extensions/alterations the property has had and highlight the location of the proposed development in some way, either by hatching or colouring the area in. You should also define the extent of your domestic curtilage (This is generally the parcel of land associated with the dwellinghouse for the enjoyment of the residents of the dwellinghouse and excludes any other land which may be within your ownership (e.g. a paddock or field))

Photographs will be required of each elevation of the dwellinghouse. Please label these photographs so that it is clear where the photographs have been taken from and which elevation the picture is showing.

If you do not provide all the necessary information, we may return your enquiry to you.

Tick all box	es that apply and go to the relevant sections of the form as Indicated
	Extensions or enlargements to the existing property (including external wall insulation) – Go to Section 1
	Alterations or enlargements or additions to the roof of the dwelling – <i>Go to Section 2</i>
	Erection of an outbuilding or alteration of an existing outbuilding, for example, a detached garage, greenhouse or shed – <i>Go To Section 3</i>
	The formation or replacement of a hard surface – Go to Section 4
	The installation, alteration or replacement of a microwave antenna – <i>Go to Section 5</i>
	Boundary enclosure, for example, fence, wall or gate – <i>Go to Section 6</i>
	Installation of domestic microgeneration equipment – Go to Section 7

1. Your details	s:	
Name:		
Address:		
Postcode:	Tel No:	
Email:		
2. Address of	proposal if different from above:	
3. What type of	of property is it?	
Detached or semi detached:	Flat or apartment:	
Terraced:	Other (please specify):	
4. Is the prope	erty a Listed Building?	(delete as appropriate) Yes / No
5. Is the prope	erty within a Conservation Area?	Yes / No
6. Will any hed	dges or trees be affected by the proposed developme	nt? Yes / No
If Yes please ident will be affected.	ify on the site plan where these hedges or trees are positi	ioned and describe how they

7. What is proposed?
Fully describe the proposal.
Description:
8. CONFIDENTIALITY
Under the Freedom of Information Act 2000, pre-application material may only be withheld from the
public if its disclosure could prejudice commercial interests, inhibit the free and frank provision of advice
or exchange of views during the planning process, or could prejudice the effective conduct of public
affairs. Generally, once a planning application has been submitted and is in the public domain,
information submitted and advice given can no longer be treated as confidential. The Council retains
absolute discretion on the disclosure of any information it holds. If you wish the Council to treat pre-
application material as confidential, then you will need to set out in the space below the reasons why and
for how long, any information relating to the advice needs to remain confidential.
Do you wish the Council to treat pre-application information relating to the advice as confidential?
Yes / No (Please delete as appropriate)
· · · · · ·
Reasons why any information relating to the advice needs to be treated as confidential:
Period of time any information relating to the advice needs to remain confidential:

9. Location Plan	
Please check the box below to confirm you have submitted a plan which identifies the land to application relates, drawn to a recognised scale and showing the direction of North.	which this
I have attached a location plan that meets the requirements outlined above:	
10. Fee	
I confirm that the correct fee of £25 has been included with this pre-application enquiry form:	
Further information on pre-application statutory enquiry fees can be found on the following link	с: ——

<u>SECTION 1:</u> Extensions or enlargements to the existing property (including external wall insulation). Please refer to information to be submitted with the enquiry (page 2).

1.1 If the property has been extended before, please fill in the following table. Please give the following measurements in metres.

Please provide any planning permission reference(s) that relate to the extension	Length	Width	Total height	Height to eaves (see guidance)	Year it was completed

- 1.2 If you intend to install a window in the upper storeys of the original dwellinghouse or proposed development, please indicate on the sketch you have provided or on photographs, the position of this window relative to the nearest boundary. Please specify if any such window is to be obscure glazed and / or non-opening. If it is to be an opening window, please specify the height of the openable part of the window above internal floor / stair level.
- 1.3 Please provide dimensions of the proposed extension(s). Please give the following external measurements in metres.

	Length	Width	Total height	Height to eaves	What is the shortest distance from the proposed extension to the nearest boundary	Details of the appearance of materials used in the walls, roof or other elements of any exterior work	Describe the proposed use of the extension

SECTION 4: The formation or replacement of a hard surface. Please refer to information to be

Please specify on the table below the area of the hard standing and the materials proposed in its

submitted with the enquiry (page 2).

4.1

<u>SECTI</u>	ON 6:	The erection, alteration, replacement or maintenance of a means of enclosure (e.g. fence, gate wall). Please refer to information to be submitted with the enquiry (page 2).					
6.1	Will the	Will the means of enclosure be positioned adjacent to a highway? Yes / N					
6.2	Please	mark the proposed line of the means of enclosure on a plan.					
	Please indicate the height of the means of enclosure (if the height varies, you should indicate the highe point of the means of enclosure to the lowest point when measured at a single location). Please give the following measurements in metres.						
6.3		proposal involves altering, replacing or maintaining an existing means of enclosure, please specify in the height of the existing structure.					
SECTI	ON 7:	Installation of domestic microgeneration equipment					
7 (A)	Solar	photovoltaic (PV) or solar thermal equipment:					
7.1	Will the	e equipment be installed on a:					
	Wall: \	Yes / No Pitched roof: Yes / No Flat roof: Yes / No or Stand alone:? Yes / No					
7.2	If the equipment will be installed on a wall or pitched roof, please answer both (a), (b) and (c) (if applicable below:						
	(a) I	How far would the equipment protrude when measured at right angles from the wall or roof space?					
	(b) \	Would the equipment protrude above the highest part of the roof (excluding the chimney)? Yes / No					
		f the wall on which the equipment is to be installed is in a Conservation Area, does it front onto a nighway? Yes / No					
7.3	If the e	quipment will be installed on a flat roof, please answer both (a) and (b) below:					
	(a) I	How far will the equipment be sited from the external edge of the roof?					
	(b) i	How high will the equipment protrude above the plan of the roof?					
7.4	If the e	quipment is to be "stand alone", please answer questions (a) to (c) below:					
	(a)	The total number of existing and proposed solar equipment:					
	L						

	(b)	The closes	st distance between	e highway:		
	(c)			elow the dimensions of easurements in meti		osed (including the housing).
			Length	Width		Height (above ground level)
Equipr	ment 1					
Equipr	ment 2					
7 (B)			•	lacement of a flue o		forming part of a biomass
7.1	How	high will the	e flue project above	the highest part of the	e roof (in metres)?	
7.2	Will t	he flue will l	be located in a Con	servation Area?		Yes / No / Don't Know
	lf " Y €	es" or "Dor	n't Know", please	answer both (a) and (o) below:	
	(a)	Will the flu	e be located on a p	rincipal or side elevati	on of the dwellinghou	se? Yes / No
	(b)	Would the	flue front onto the h	nighway?		Yes / No
7 (C)	Air s	ource heat	pumps:			
7.1		se specify to the curtilation		(i) existing and (ii) pr	oposed air source he	at pumps on the dwelling or
	(i)	existing:				
	(ii)	proposed:				
7.2	Is the	ere, or will th	nere be, a "stand ald	one" wind turbine with	in the curtilage of the	dwelling? Yes / No
7.3	Pleas	se specify th	ne external volume	of the outdoor compre	essor unit (including its	s housing) in cubic metres:
7.4	Pleas	se specify th	ne closest distance	between the air sourc	e heat pump and the	nearest boundary:
	<u></u>					

7.5	Will the air source heat pump be located on a pitched roof?	Yes / No
7.6	Will the air source heat pump be located on a flat roof?	Yes / No
	If "Yes", please specify its distance from the external edge of that roof:	
7.7	Will the air source heat pump be located on a wall?	Yes / No
	If "Yes", does that wall front onto a highway?	Yes / No
7 (D)	Stand alone wind turbine:	
7.1	Please specify the total number of (i) existing and (ii) proposed stand alone wind turbines the dwelling:	in the curtilage of
	(i) existing:	
	(ii) proposed:	
7.2	Please indicate the location of the turbine on the above mentioned spatial sketch and sp to the closest boundary:	ecify the distance
7.3	Please indicate the height of the stand alone wind turbine from ground level to the hig turbine, including the blades:	ghest point of the
7.4	Please indicate the distance between the ground level and the lowest part of any blade:	
7.5	Please indicate the length of a single blade of the stand alone turbine:	
7.6	Would the turbine be located in a Conservation Area? Yes / N	o / Don't Know
	If "Yes" or "Don't Know", would the turbine be visible from any highway which bounds the dwellinghouse?	ne curtilage of the Yes / No

NOTE: Please submit a location plan and sketch plan to accompany this form (see page 2 - "Information to be submitted with your enquiry")
