

Social Care Training Programme

2025-2026

Introduction

Workforce Development & Learning (WD&L) administer the Social Care Wales Workforce Development Partnership (SCWWDP) Grant in order to provide training and development opportunities for Conwy's Social Care workforce including our providers and partners in Conwy County.

Training and development opportunities are open to the whole Social Care sector, for example volunteers, direct payment recipients, individuals with caring responsibilities (adults and young carers) and social care workers.

Regional and local workforce plans are in place which identifies and secures implementation of measures to ensure a sufficiently large, skilled, safe and focused workforce to promote the well-being of people with care and support needs. This includes:

- supporting recruitment and retention
- competency and qualifications
- career pathways
- upskilling individuals in compliance with codes of professional practice within the sector

We routinely seek new training topics and respond to changes in laws, policies, or service needs. As a result, we may introduce courses not listed in this brochure. For more details or to discuss specific training requirements, please contact Workforce Development & Learning sc.training@conwy.gov.uk

HOW TO APPLY

Booking a place on a course

To reserve a spot on a course, submit a request through the online booking system at [Social Care Workforce Development: training and online booking - Conwy County Borough Council](#). Attendees must have prior approval from their manager, and places are given on a first-come, first-served basis.

Confirmation of places

We aim to send confirmation emails about three to four weeks before the course date. These confirmations will be sent to the designated manager, and where possible, the individual. It is the manager's responsibility to pass these details to the attendee. Please provide a current email address in all correspondence.

Once confirmed, carefully note all details, including venue, start and end times, and any special instructions, as these may vary. Attendees should arrive promptly at the specified time and location. If no confirmation has been received from the Workforce Development and Learning Team, do not attend, as your place is not secured.

Cancellation of places/Name changes

Managers or individuals should contact Workforce Development by phone or email to cancel or change bookings as soon as possible. Phone cancellations must be confirmed with an email. We ask for cancellations at least five working days before the course. If you cannot give advance notice, try to send a replacement and inform us of the new attendee's name quickly. It is the manager's duty to cancel training when an employee leaves work, goes on long-term sick leave, or is on holiday.

Non-attendances

Managers will be informed by email if someone does not attend. We track non-attendance for monitoring and may charge providers, as missing sessions could affect future funding.

Certificates

We use a range of facilitators, therefore not all courses will be issued with an attendance certificate. Courses that issue certificates will be forward to the email addresses provided at time of booking.

Please note that the original certificate is the property of the attendee and, unfortunately, duplicate certificates may not be available. We recommend, therefore, that they are kept securely for evidence of continuous professional development (CPD). Workforce Development does not retain copies of certificates.

Training Programme for 2025-2026

April 2025 courses
