Caerhun and Trefriw New Area School Site Update

Demolition work on the old Ysgol Dolgarrog school has now been completed by K&C Construction, following their site occupation in November 2017. Following the demolition and general site clearance, the setting out and ground works have begun for the new Caerhun and Trefriw area school as well as the installation of the attenuation tank and the tanking of below ground walls.

The new Headteacher of the school is continuing to work closely with Project Officers with reference to the design and educational requirements of the new school.
