

Talking about Homelessness

If you're under 25 and worried about being homeless this might help!

We are the **Oak Tree Project**.

Our aim is to:

- step in and stop young people becoming homeless
- give advice and guidance
- make sure young people know their options
- link to other services

Get help

If you're homeless or becoming homeless

–contact the Local Authority conwy.gov.uk or 0300 1240050. They can give you advice by phone, by email or meet with you to talk about your options. They will ask you for details so they can contact you and help you find housing.

Under 18? You can also contact Children & Family (C&F) Services on 01492 575111. They will carry out an assessment that includes talking to a Social Worker and a homeless prevention officer. They will talk about why you're becoming homeless, where you can stay, check you're safe and give you support.

Everyone has rights – including you!

You have a right to a proper house, food and clothing. In Wales these rights are protected by law – and so are you!
