GBIS & ECO4: Health Provider Declaration

Mae'r ffurflen hon ar gael yn Gymraeg hefyd.

Title (Mr/Mrs/Ms/Miss/Other)	
Address (including postcode)	

A relevant healthcare provider refers to a person listed on the General Practitioner Register, an employee of an NHS Trust or NHS Foundation Trust or an employee of an NHS Health Board, any of which can refer a householder to the GBIS and ECO4 scheme with a qualifying condition. This may not necessarily be applicant's local surgery but as per point 8.9 of the Ofgem GBIS and ECO4 Local Authority Administration Guidance:

"We expect the relevant health provider to have spoken to, personally assessed, and viewed the records of the consumer prior to their referral, in order to confirm their vulnerability to living in a cold home."

Relevant Healthcare Provider Declaration

I confirm that I have accessed the records of and personally assessed and spoken with the householder named in this document to determine their eligibility for the GBIS and ECO4 scheme, as outlined in the attached ECO4 and GBIS Flex Medical Referral document.
