

STATEMENT OF COMMITTEMENT TO SAFE MARINE OPERATIONS

“In order to facilitate safe marine operations, Conwy County Borough Council (CCBC) is committed to ensuring that all its employees, contractors, harbour users, stakeholders and members of the public are well informed. Its staff shall be well trained and committed to the requirements of the Ports and Marine Facilities Safety Code (PMSC).

CCBC welcomes the interest and participation of all stakeholders in maintaining and improving the awareness of safety within its harbour. To this end, a line of communication has been established with relevant stakeholders and through the Conwy Harbour Advisory Committee quarterly meetings to ensure the promulgation of relevant information.

I recognise that safe marine operations depend on competent people and an active safety management culture. All who work on or use the harbour have an obligation to contribute to harbour safety.

It is my personal ambition and that of my employers CCBC to continuously strive to monitor, improve and set the required standards of safety and safety awareness throughout Conwy Harbour. All staff members of the Harbour Authority individually and collectively have a key role in ensuring that this is achieved”.

Geraint Edwards, Head of Environment, Roads and Facilities, Conwy County Borough Council. June 2025.
