

LEARN THROUGH PLAY

Build with blocks

You'll need:

- Blocks of different sizes
- Recycled items of different sizes, such as tins, toilet rolls or empty food boxes

Method:

- Let your child's imagination guide the play and follow their lead
- Give them time to problem solve

Why not?

- Help your child learn colours and counting?
- Discuss with your child what they are building?

LEARN THROUGH PLAY - Build with blocks

The benefits of this activity:

- Building with blocks will encourage your child's imagination and creativity
- It will develop your child's team building skills and teach them to take turns
