

[illegible]

## Create a collage

## You'll need:

- A large piece of paper or card
- Scissors
- Glue
- Family photos or pictures from magazines

## Method:

- Using the glue, stick the photos or pictures from magazines onto the paper/card

## Why not?

- Try making a collage using things from nature such as leaves, etc?

# LEARN THROUGH PLAY - Create a collage

- Try making collages on a topic or colour theme?

## The benefits of this activity:

- Cutting out and gluing things down will develop your child's fine motor skills
- Talk with your child about what you can see. This will encourage your child's use of describing words, imagination and storytelling

### CAUTION:

Close supervision is needed when using scissors and glue!
