

LEARN THROUGH PLAY

Threading pasta

Keep your child busy with these kitchen cupboard supplies. All you need is uncooked penne pasta and spaghetti.

- All your child needs to do is thread the penne onto the spaghetti
- Threading games are a great activity to help develop your child's fine motor skills
- This will help them later with drawing, writing, buttoning their clothes and much more
- This activity also develops your child's hand eye co-ordination and concentration skills
