

TIME TO TALK

Reading

- Reading encourages speech and language development for your child and helps them learn new words
- It also develops a love of books
- It's fantastic for developing your child's creativity and imagination
- Why not choose a scene and ask your child to describe what's happening? This encourages them to use describing words, their imagination and develop their storytelling skills
- Join your local library. Visit: www.conwy.gov.uk/Libraries to join and follow them on Facebook: www.facebook.com/ConwyLibraries
