

Cardboard Kitchen

This will encourage your child to explore and act out everyday situations and help them understand what is going on around them.

Water Play - Floating and Sinking

This will encourage your child to explore objects from nature and learn new words as you talk about the shapes and how heavy it is, will it float or sink.

Draw Me

This will encourage your child to identify body parts and develop an understanding of being an individual. This makes a lovely keepsake of your child.

Teddy Jail

This will encourage your child to explore and problem solve the best way to get their teddy. This activity also develops your child's fine motor skills and concentration.

Sensory Trail

This will encourage your child to explore objects and describe how they feel, it is also fun making the trail from things around the house.

Kitchen Treasure Hunt

This will encourage your child to find new objects and learn new words and sounds.

Sorting Socks

This will encourage your child to help with chores and learn new words as you talk about the colours, sizes and textures.

Water Play with Shells

This will encourage your child to explore objects from nature and learn new words as you talk about the colours, shapes and textures.

Making Music

This will help your child to learn about quiet and loud noises, rhythm and tempo. They can also express themselves creatively.

Topic Box

Collect things from a similar theme and add to a box for your child to explore. This can be changed weekly and will encourage language development.

Sensory Bottles

Fill old pop bottles with water, oil, paint and glitter.

Tea Party

Encourages your child to share and take turns along with developing language skills.

Homemade Puzzle

This is an easy and quick way to encourage your child to problem solve.

Helping to Make Lunch

This is a lovely way to encourage your child to take an active role in the family. Make the time to help them develop life skills they will need in the future.

Choosing and Reading Books

Develops language skills and encourages children to learn new words

Choosing a Scene and Ask Your Child What is happening
Encourages the use of describing words, imagination and storytelling.

Toilet Roll Phones

A fun and easy craft project that encourages language and communication.

Working from Home

Role play a home office, this will encourage language development.

Talking and Using New Words

Talk and use new words with your child, this will encourage language development.

Old School Phones

Talk, sing, shout and whisper into your child's homemade tin phone.

Pouring Water in Cups

**Using a jug, allow your child to pour water in separate cups.
This will encourage fine motor skills and hand eye
coordination.**
